About Jamaican Jerk seasoning; Jerk is a style of cooking native to Jamaica. Jamaican Jerk spice is a very hot spice mixture which is wet marinated or dry rubbed on meats. The spicy blend consists of two major ingredients of allspice ('pimento' in Jamaica) and Scotch Bonnet Peppers. Other ingredients include cinnamon, nutmeg, garlic, thyme, cloves, scallions, salt & pepper. Joe has had a family recipe passed down that reflects many varieties of Jerk seasoning but this recipe has been toned down so almost everyone can enjoy the Caribbean flavor. It is not hot but it does have a bite.
